

FM400R4P - RADIO CONTROLS

4-channel outdoor receiver (12/24Vac-dc)

SERIES FEATURES

 433MHz

 iF

PRODUCT FEATURES

 433MHz

 FM400

Characteristics FM400

Digital radio controls Rolling Code

Radio controls
433MHz FM rolling code
2⁶⁶ code combinations
Available channels 2-4-5-21
Range 100 - 150m

The range of radio controls is complete by receivers with self-learning code, extractable memory modules and programmable outputs.

Product features FM400R4P

4-channel outdoor receiver (12/24Vac-dc)

Receiver with four powered outputs (4A).
Self-learning code function and programmable outputs in three different modes.
All weather box in ABS - IP44.
